EXPERIENCE

About

My Motto:

"*Believe in yourself! Have faith in your abilities Without a humble but reasonable confidence in your own powers you cannot be successful or happy*"

About Me:

I am an Indian based passionate high-performance IT professional with more than 8 years of experience in web development by identifying, qualifying, and delivering the best IT software / service solutions exceeding expectations. I am a self-driven, results-oriented with a positive outlook, and a clear focus on high quality and performance of the products. I am very direct and to the point and present facts and truth. A natural forward planner who critically assesses own performance. Mature, credible, and comfortable in dealing with senior executives. I'm Reliable, tolerant, and determined. A detailed communicator, able to see things from the other person's point of view.

As a web developer, I am a problem solver at heart and strive to deliver the most effective solutions at the highest of standards.
